

Remarks

In the outstanding Office Action, the Examiner has required restriction of the claims pending in the present application to one of the following groups:

- Group I: Claims 1 to 9, drawn to a method of forming an ink-jettable composition;
- Group II: Claim 10 to 37, drawn to an ink-jettable composition; or
- Group III: Claim 38 to 51, drawn to a process of adapting an impact printable composition into an ink-jettable composition.

Applicant provisionally elects, with traverse, the claims of Group I drawn to a method of forming an ink-jettable composition (claims 1 to 9) for examination. Applicant specifically reserves the right to pursue claims directed to one or more of the groups identified by the Examiner in one or more separate applications claiming such non-elected invention.

The Action includes also a request that applicant elects a species of composition. In this regard, applicant elects as the species the composition comprising 10 to 30 wt% water, ammonium hydroxide, glycerine, propylene glycol, tripropylene glycol methyl ether and screen printing paste that is described in Example 1 at pages 33 to 36 of the specification

A Petition extending the period for response for one (1) month, to November 1, 2006, is included herein, along with authorization to charge the extension fee to a credit card. The Commissioner is authorized hereby to charge any additional fees or credit any overpayment associated with this Reply to Deposit Account Number 19-5425.

The Office is invited to contact the undersigned counsel in order to further the prosecution of this application in any way.

Respectfully submitted,

Dated: 11/21/06
